Safety / stability certificate

Dated 03-07-2025

File No 13

The school building namely Silver oak Bhalant derived by Sarva DAV Educational Society (Registered) has been inspected by me along with Mr Jasbir on 3/07/2025. The school is C.B.S.E affiliated and is upto 2th standard. It is situated in the Revenue Estate of village Bhalant on Sonapat Road Rohtak. Building is three storied. The structure is of R.C.C. framed structure. It is equipped with all labs.

There is no flooding near the School Building. It has been designed against all hazards, such as earthquakes, floods, storm etc. There are playgrounds also in the school compound.

The building is environmental, friendly and is completely safe and stable. It is totally fit for habitation and study by students.
